

A Team

After the holiday, our team has done well. Won 3 games and lost 2. It has brought us to a better position.

My thanks to Mike leading the team to win 8-nil during my absence and Michael giving his support while recovering from his knee operation.

Another game to play at KGBC 'B' away after the Chinese New Year and the Triple League will be completed. My line up for the Triple League was to choose the best available players to play their suitable position. My thanks to the A Team players for cooperating to implement my decision. Now I have some idea on the line up for the team in the coming Premier League.

The Wednesday League was a great success enabling all members to play together. I urge more A Team players to participate and form teams in the Wednesday League.

Timmy Kwong
A Team Captain

B Team

The most recent two away games during this winter season have been quite competitive.

The fifth game was played away in Shatin on artificial green without few key players Andrew, Andy and Gary, finishing with a tough loss 8-0. The next game was also an away game; final score was a loss 2-6 against IRC. Dickson's rink gained us two points but unfortunately was not enough to draw the set.

We are in a bit of a dangerous streak at the moment. We're currently third from the bottom in the league and will need to win with at least 6-2 in the following game to stay in Division 2. We are nonetheless optimistic about our upcoming performance. The next and final game will be an away game on February 27.

Kam

The Ds

Great improvement in the second half of the season with three straight wins before the last game which could have clinched a promotion for the Ds. Sadly, the team lost the last game (6-2) putting the Ds in the middle of the league table. Everyone gave their best and enjoyed the season. Again, I must emphasise the importance of the Triples League is to the preparation of the D Team's Premier League schedule.

The winter season gives bowlers more opportunities to play with (and against) players of different level. I would also like to thank our previous section committee for registering an extra Triples League team for KCC this season. Even though this arrangement gave the captains some problems in finding enough players, the additional team (The Es) gave our regular Premier players more chances to bowl.

Last but not least, a personal thanks to Mr. Fred Cheung (our ex-beloved leader) for

taking his time to again lead us during my absence. Well done, guys!

Reporting from MARS I

The Es

The team is not performing as well as the first half of the season, at the time of writing; the Es are in the middle of the League Table. With two games remaining (actually one delayed game with 4 points already awarded in our favour), the team has a good chance of ending the season in the upper mid-table. The important thing though is for the bowlers to have more playing time and to enjoy the game at the same time. Thanks to everyone for supporting the Es either by playing for the team during the winter season or by understanding the unity of the Es. And on behalf of the team and myself, we would like to give our appreciation to Mr. Abbas Madar for being the captain of our Triples League team.

LADIES' SECTION

Kung Hei Fat Choy!

Ladies' Triple League 2009/2010

Eight games have been played and the As are currently lying in 4th place with 36 points. The Bs have bravely picked up 24 points and are currently in 9th place (out of 10 teams).

With the last game to be played on 20 February, we wish the Bs all the best in garnering a few more points to avoid relegation and to retain their place in the 1st Division next year.

Normally, games at "home" should give us an advantage over the opposition. However, this season the greens have been in particularly poor condition. Hopefully, we will see some improvement by mid-April before the start of the Premier League.

Champ of Champs 2009

Once again, I had the honour of representing KCC at the Ladies' Champ of

Champs. This is an annual competition whereby the singles champions from 20 clubs are pitched against each other.

The first round was played on the 31st January at the immaculate greens of HKFC. Under bright, sunny conditions, I won three of the four games in my group to go through to the second round. It was a fantastic experience and good test of stamina – my first game began at 9am and the last game finished at 7:15pm.

The 2nd round (with 8 players remaining) is scheduled for 21 February.

Premier League 2010

For the first time, Ladies will play in the format of three rinks per team. KCC Ladies' will field two teams and a notice will be posted on the board shortly for players to sign up. The Premier League is scheduled to begin on 24 April 2010.

Wishing you and your family a healthy and prosperous Year of the Tiger,

Daphne

Mobile Phone

Mobile phone may be used on silent mode in the surrounding areas but NOT on the green surface while a game or practice is in progress. This will be on trial run for three months.

Smoking

Smoking is only allowed in the surrounding area but NOT on the playing surface of the lawn bowls greens and the covered area of the bar.
