

Annual KCC Tour of Macau

Aaron organised another very exciting tour to Macau on 7 and 8 August. Our convenor carefully selected the best team to represent KCC based on talent, fitness and a healthy appreciation of good food and wine.

The KCC team, with ages ranging from 17 to 60 had a narrow victory over a Macau all stars team. The wining team of finely tuned athletes was as follows :

C K Tse Deona Tse
Jovi Au Mark Chow
Victor Dorothy
Natalie Chiu Raymond Tam
Clement Lo Andy Chu
Tommy Yuen Vincent Chan
Richard Chow Eileen
William Chow David Dumigan
Aaron Yip

Family and friends also came along to support KCC, but they seemed more interest in the food, drinks and fun rather than high quality squash! In all there were over thirty people on tour this year.

Following the big match on Saturday afternoon, which was played in the East Asian Games Sports Complex, we took over the top floor of a great Cantonese restaurant, where a large amount of food

and beer was consumed. The two William Chows were on their best behavior this year, without the influence of last year unofficial entertainment officer, Peter Fraser, who was stuck at work somewhere in the Shanghai area.

Following an excellent dinner, we went to a wonderful local desert place in the old part of Macau. Our illustrious convenor took us there via very long scenic walking route (he said he wasn't lost!). We sampled their red beans and ice cream, mango pudding, almond tea and other local delicacies before rolling back to hotel well after midnight.

The main event on Sunday was lunch at the famous Robuchon a Galera restaurant in the Lisboa, which was an all afternoon affair with excellent food and wine. Certain members of the KCC team (including a flamboyantly dressed convenor and a tall balding Irish man – no names please) attacked a desert trolley and devoured almost its entire contents to the amazement of the startled French Manager. We understand that certain members of the team were captured on the hotel CCTV system close to the trolley with chocolate stains on their faces and licking their lips. It is probably advisable for these team members to stay away from Robuchon for the next year. Excellent food and wine though – they deserve their three Michelin stars!

A special thanks from all the team and their families to the organisers, Aaron, Mark and Dorothy for a great tour.

Mid-Autumn Festival Grass Tennis Open Tournament

23 September

The planned Wimbledon day this year turned out to be a dreadful day and we were forced to cancel this classic event, though, it may be noted that all the strawberries were eaten and the champagne drunk later that day.

We are pleased to announce that the grounds subcommittee has kindly set aside another day for the tennis section to enjoy a day of tennis on the ground on 23 September starting from 11am. We invite tennis players and tennis aficionados alike to join the Mid-Autumn Grass Court Open. As usual, signup sheets shall be placed on the notice board outside the change rooms.

The tournament will be organised by Rob Pentecost who has taken over from Todd Johnsen and we always need volunteers for such events so if you are interested please contact Kings Chan in the General Office.

It won't be Wimbledon but it will be fun. Strawberries, champagne, scones, jam and cream will all be there... and in the course even some tennis played! The signup sheets will be up towards the end of August and Members will be notified by WOK.
